

## Eugenic Nation: Faults and Frontiers of Better Breeding in Modern America

Filesize: 3.9 MB

### ***Reviews***

*Complete guide! Its this kind of very good read through. This is certainly for all who statte there was not a worthy of looking at. I am just quickly will get a delight of looking at a composed publication.*  
*(Kacie Carroll)*

## EUGENIC NATION: FAULTS AND FRONTIERS OF BETTER BREEDING IN MODERN AMERICA

University of California Press, United States, 2005. Paperback. Book Condition: New. New.. 226 x 147 mm. Language: English . Brand New Book. Many people assume that eugenics all but disappeared with the fall of Nazism, but as this sweeping history demonstrates, the idea of better breeding had a wide and surprising reach in the United States throughout the twentieth century. With an original emphasis on the American West, *Eugenic Nation* brings to light many little-known facts - for example, that one-third of the involuntary sterilizations in this country occurred in California between 1909 and 1979 - as it explores the influence of eugenics on phenomena as varied as race-based intelligence tests, school segregation, tropical medicine, the Border Patrol, and the environmental movement. *Eugenic Nation* begins in the 1900s, when influential California eugenicists molded an extensive agenda of better breeding for the rest of the country. The book traces hereditarian theories of sex and gender to the culture of conformity of the 1950s and moves to the 1960s, arguing that the liberation movements of that decade emerged in part as a challenge to policies and practices informed by eugenics.
