Anti-capitalism, this book reminds us, is a politics of walking and of love. Barbara Epstein, University of California, Santa Cruz A beautiful and insightful evocation of an emergent radical perspective. Occupying Language uses the vocabulary of new and emergent movements around the world to highlight the striking similarities of their practices and visions. crucial reading for those who would like to understand why so many in the new movements are more interested in occupying public spaces and institutions, and remaking them through democratic participation, than in making demands on governments dominated by remote and resistant elites. Sitrin and Azzellini introduce the reader...
