The Quantum Impulse and the Space-Time Matrix: The Power of the Hydrogen Process and the Pyramid

By Zoltan J Kiss

Trafford Publishing, United States, 2015. Paperback. Book Condition: New. 279 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.The Quantum Impulse and the Space-Time Matrix is Zoltan J Kiss fifth book in a row proposing a different scientific way of viewing the world, namely, that the world is based on events. Elements and elementary components are processes. This is the only way the definition of time has its sense at all levels of the elementary evolution from the plasma to the Hydrogen process. The quantum impulse of infinite low intensity (the energy quantum) is the entropy product of the elementary cycle. It is the building stone of the quantum system of the space-time. Quantum impulses transfer quantum impacts, signals, light and all quantum information in any direction by the speed of quantum communication. Whatever the impacting signal is, the energy quantum remains as it was before - infinitely small, never expiring quantum impulse without change. The space-time is about the speed and the intensity of the quantum communication. The space-time matrix is the complexity of space-times with the infinite large variety of the speed of quantum communication. Anti-processes control the elementary balance of the elementary...
