Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Price slashed for the holidays! From a bestselling financial author The plain man s guide to the markets Now there s no need to be try and hide it if you are a beginner at the stock market. Or even if you are confused by all the contradictory advice, and want a plain guide to the truth. Stocks - A Newbies Guide is just what you have been waiting for, a no nonsense straightforward guide to the stock market and the way it works, written in language you can understand. You don t need to spin around in circles, wondering which of the many experts to believe, when the answers are explained to you in plain English. You can decide for yourself where and how to invest your money. Here s What You ll Learn This book assumes no prior knowledge of the stock market, and starting at the beginning explains what it is about, and goes on to tell you how you can take part in it. You will find out: - how to spot good value in a stock when the growth and value are not everything how to use a free stock screener to pinpoint your best investments what alpha and beta really mean, and does it matter to you? just how poorly the so-called experts perform when and why you should rebalance your portfolio You Need To Know The Different Ways To Invest in the Markets Some people may tell you that dividend investing is the best, or you should only buy into value. This book shows you how and why different strategies work, so that you can decide for yourself which you are...
