Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elements of Qualitative Chemical Analysis Is the following compilation the chief reactions of the more important basic and acid radicals are so correlated and contrasted, as to exhibit in a brief and convenient manner the principles upon which various methods of analysis are founded; and a frequent error is avoided - that of combining the Practical Manual for the Laboratory with the Descriptive Treatise on Elementary Chemistry. The reactions are tabulated in the First and Second Parts. The various methods which constitute the systematic course of Analysis are detailed and arranged, with special reference to the convenience of the working student, in the Third and Fourth Parts. This work is designed to serve as a Manual for the beginner, and as a Text-book for examination; its original character consists in the arrangement of information which may be found in existing Manuals of Chemical Analysis. In an Introduction will be found details as to the mode in which the work should be used, based upon the experience gained in teaching, by this method, the Elements of Analysis.
