Brand New Book ***** Print on Demand *****.Excerpt from India Rubber: Its Manufacture and Use For the past fifty years India Rubber has become an object of great interest since the art of vulcanization has been discovered and improved by Chas. Goodyear of New York, most valuable discovery connected with this manufacture, and at the present time India Rubber occupies such an important position in the economy of modern arts and manufactures, that were it suddenly withdrawn from circulation many minor industries would in consequence cease to exist, while numerous large and important branches of handicraft would languish until arrangements would be made to adapt their operation to the altered circumstances. The procuring of raw Rubber, and the art of its vulcanization and also the manufacture of articles of India Rubber for so many various and useful applications are of great interest, not only to the Mechanical profession, but also to every intelligent man, and therefore the need of a practical and accessible work on this subject is greatly felt at present.
