# GENERAL CHEMISTRY: THE ESSENTIAL CONCEPTS

Book Condition: New. Publisher/Verlag: McGraw-Hill Professional | The seventh edition of General Chemistry continues the tradition of presenting only the material that is essential for a one-year general chemistry course. It strikes a balance between theory and application by incorporating real-world examples; helping students visualize the three-dimensional atomic and molecular structures that are the basis of chemical activity; and developing problem-solving and critical thinking skills. Although the seventh edition incorporates many impressive features, such as conceptual idea review, animations correlated...
